HAVE YOU READ YOUR SDS?

BEFORE USING ANY SPRAY POLYURETHANE FOAM PRODUCT, YOU MUST...

READ AND UNDERSTAND THE ENTIRE SAFETY DATA SHEET (SDS)

Section 1,2,3* CHEMICAL IDENTIFICATION HAZARD(S) IDENTIFICATION COMPOSITION/INFORMATION ON INGREDIENTS	Be aware of the hazards of every chemical you are handling, including but not limited to: • Component A (Isocyanate) • Component B (Resin, Polyol, Amine Catalyst, Blowing Agent, Fire Retardant) • Solvents • Cleaning Solutions • Coatings
Section 4* FIRST-AID MEASURES	 What should you do if there is an accidental exposure? Do you know first-aid procedures? Do you have first aid materials at the work site?
Section 6 & 7* ACCIDENTAL RELEASE MEASURES HANDLING AND STORAGE	Are you storing and handling the chemicals as directed? • Do you know how to properly contain and clean a spill?
Section 8* EXPOSURE CONTROL/PERSONAL PROTECTION	Are you using the correct Personal Protective Equipment (PPE) for the job? For example: • Appropriate Respiratory Protection • Eye Protection • Chemical Resistant Gloves • Chemical Resistant Coveralls • Boots
Section 5, 9-16* OTHER INFORMATION "READ THE ENTIRE SDS"	Did you know that other information is provided on the SDS, including but not limited to: • Fire-fighting Measures • Physical-chemical Properties • Toxicology • Disposal • Transportation • Regulatory Information

*OSHA's Hazard Communication Standard (HCS) requires employers to provide SDSs to communicate the hazards of hazardous materials. As of June 1, 2015, the HCS will require new SDSs to be in a uniform format, and include section numbers, the headings, and associated information. The information above only highlights a portion of information that may be provided in an SDS. Published February 2014. This document may be updated. For the most current version, see spraypolyurethane.org.
